

# Advanced Articulate Storyline Workshop

**THURSDAY, NOVEMBER 13, 2014**

9:00 – 4:30 pm

Upper Iowa University

620 S. 76<sup>th</sup> Street, Milwaukee

Do you use Articulate Storyline?

Are you looking for a way to learn advanced features in a workshop setting from a Storyline expert?

If so, this is just what you are looking for!

Just come with your laptop installed with Storyline Articulate and you will learn how to:

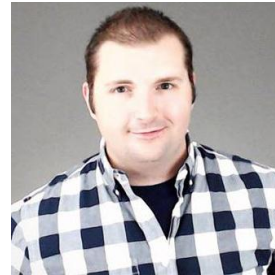

- Use states, layers and triggers
- Create and display variables
- Use variables with conditional triggers and layers
- Build interactive scenarios
- Create freeform questions, customize feedback layers and use question groups

Our expert presenter will share secrets, tips and time-savers when using Articulate Storyline. For example, do you know how to use fine action tuning and cue points?

Learn the answer do this question and much more! Register today!

This is an advanced workshop for those who know how to create e-learning using Storyline Articulate and want to take their skills to the next level.

## EXPERT PRESENTER

**Tim Slade**

Tim Slade is the Art Director and E-Learning Authoring Tools Trainer for Artisan E-Learning and E-Learning Uncovered.

He has many years of experience working with business leaders and stakeholders at all levels in both the private and public sectors.

Tim started his e-learning career at Kohl's Department Stores, has worked in several business areas where he used e-learning, video, and print media to enhance training and communications content for audiences of more than 130,000.

He is known in the e-learning industry for helping others elevate their skills to the next level through his personal blog at [www.timslade.com](http://www.timslade.com) and as a designated Super Hero in the Articulate community.
